Welcome to Lunar

Located within the iconic World of Wedgwood in the heart of Staffordshire, Lunar is a restaurant that pays homage to the rich history and vibrant present of our region. Inspired by the Lunar Society of the 18th century, where great minds gathered to discuss ideas and inspire progress, we strive to create a dining experience that celebrates the past, present and future.

At Lunar, our culinary philosophy is rooted in the belief that the best ingredients are those grown close to home. We are committed to showcasing the finest locally sourced produce in our dishes, ensuring that each meal is fresh and sustainable.

Interested in the art?

We celebrate creativity and sustainability not only through our food and drinks but also in our décor! All of our furniture has been upcycled, and the artwork & sculptures found throughout the restaurant are creations from local artists that we are proud to represent.

We work closely with Barewall Gallery, based in Josiah Wedgwood's Birthplace of Burslem, to curate the inspiring pieces that adorn our walls. If you find yourself captivated by any of the art on display, know that these pieces are available for purchase.

If you would like more information, please speak to a member of staff - or view the art on our website by scanning the code to the right.
